Subject: Chemours-related items

Folks....attached are three emails sent to me from NC DEQ related to:

1. Development and timeline for testing of air emissions from various stacks at the Fayetteville facility

2. The presentation used by Chemours when they met with NCDEQ last month to discuss air emission data at the facility
3. Various test protocols being considered to analyze samples

Please do not share this information beyond this group without consulting with me or Carol first, given the confidentiality requests stated herein.
